

# **ECCENTRIC**

## **HOSPITALITY RIDER**

### **INTRODUCTION:**

**First and foremost, Eccentric would like to thank the venue for having us.**

### **SET UP:**

**Eccentric would like at least 2 hours for production set up. We require a clear path to the stage for set up and break down.**

### **SETS & BREAKS**

**Eccentric typically plays 3, one hour sets with a 30 minute break, unless venue requires something different. Eccentric will very often play 10 to 15 minutes over the hour to keep people engaged. This may leave the last set of the night shorter.**

### **SPECIAL EVENTS**

**If the venue is having a special event please notify the band ahead of time if you want us to make any announcements throughout the show.**

### **DRINKS:**

**Eccentric will always announce and promote drink specials so please provide the singer with a list of those specials. Eccentric will always accept drinks from bar customers but we may not drink all of them. We remain professional and may give the untouched drinks discreetly back to the bar. Eccentric drinks Water, Jack Daniels, Yuengling, Miller Light & Fireball. Eccentric does not expect discounts on drinks or food but we are greatly appreciative if they are discounted.**
